

Bulb Disposal

Overhead projector bulbs and video projector bulbs contain mercury. Proper disposal of these bulbs is handled through the Facilities and Operations Environment Coordinator, Terry Casey. If you are in need of bulb disposal services, please contact Terry at 397-1234 with your campus name and the name of a contact person to have someone pick up the bulb and take care of disposing it for you. You may also place the bulb into a box and send it to Terry in the Pony.
