Library Best Practices Seminar for Administrators

Best practices within Northside Libraries will be shared with participants in this three-hour seminar. The targeted audience is Campus Principals and Assistant Principals. Learn how the 21st Century Library affects your sense of sight, touch, taste, and smell as we compare the old with the new. Experience the excitement of enabling children to be life-long learners in a modern age where knowing how to learn is as important as what you learn today.

- Integrated Lessons
- Teacher Collaboration
- Technology Connections
- State Standards
